

# Complimentary Estate Planning & Reverse Mortgage Seminar

Can you REALLY buy a home with a Reverse Mortgage?

Many have questions on the implications of a Living Trust or Reverse Mortgage and if they make sense for them or their loved ones

- *What is the difference between a Living Trust and a Will?*
- *How can we best avoid the time and expense of probate and conservatorship?*
- *How do we appoint someone to make health care decisions?*
- *How do we know if a reverse mortgage is appropriate for us?*
- *How much equity do we need?*
- *How can buying a home and retiring be possible?*
- *How could an equity line of credit help us from running out of assets?*
- *Is it possible to buy a house, have no house payment, and still receive additional income through the HECM program?*
